

Notice of Northamptonshire Highways planned works to M45 overbridges around Barby and Kilsby to April 2021.

Concrete blocks were installed in Spring 2020 at the M45 overbridges along Onley Lane, Barby-Hillmorton Lane and Nortoft Lane. The current safety fence provision consists of a timber fence and is insufficient to prevent vehicles from accidentally leaving the carriageway and potentially reaching the M45 below.

Northamptonshire Highways are installing New safety barrier to the four corners of all three bridges under 24/7 road closures will be installed. There will be signed diversion routes in place while the roads are closed, along with signs advising motorists that access to businesses remain open. Residences immediately affected by the closure will receive a letter informing them of the works.

Following delays caused by adverse weather conditions, the road closures are now planned to be:

Onley Lane                      To mid-February 2021

Barby-Hillmorton Lane    22nd February 2021 to 12th March 2021

Nortoft Lane                    15th March 2021 to 2nd April 2021
